

CPC30220

Certificate III in Carpentry

Course Overview:

This is a trade qualification for carpenters in residential and commercial workplaces. It includes setting out, manufacturing, constructing, assembling, installing and repairing products made using timber and non-timber materials. Occupational titles may include:

Carpenter - Commercial

Carpenter - Formwork

Carpenter - Residential

State and territory jurisdictions may have different licensing, legislative, regulatory or certification requirements. Relevant state and territory regulatory authorities should be consulted to confirm those requirements.

Completion of the general construction induction training program, specified in the Safe Work Australia model Code of Practice: Construction Work, is required by anyone carrying out construction work. **Achievement of CPCWHS1001 Prepare to work safely in the construction industry meets this requirement.**

Delivery Location: Level 1, 100 Murray st, Perth WA 6000,
83 Lloyd Street MOE 3825. 5/133 Elgar Road, Derrimut, Victoria 3026
(workshop)

Duration: 52 weeks of delivery inclusive of 4 weeks holidays breaks.
Classroom session of 20 contact hours per week (including practical training)

Pathway:

- **Training Pathway:**

Successful students may pursue further studies in:
CPC40120-Certificate IV in Building and Construction

- **Employment Pathway:**

This certificate will allow students to further their careers in the carpentry industry such as:

- Carpenter
- Joiner
- Cabinet Maker

Student Support: Northwood International College provides support for students with learning disabilities and other specific needs through interviews and assessments.

RPL/Credit Transfer: Students with prior learning and work experience can apply for Recognition of Prior Learning (RPL) or Credit Transfer. The **CPC30220 - Certificate III in Carpentry** allows direct entry into this qualification at the time of publication in training.gov.au. However, the RTO requires candidates to meet its admission requirements prior to enrolling into this qualification to ensure that they have the required skills and knowledge to successfully complete the qualification at this AQF level. This consists of:

Course Entry Requirements: Applicants must be at least 18 International students also need English proof: IELTS score of 6 (for listening, reading, writing and speaking) or equivalent in line with the Department of Education and Department of Home Affairs (DHA) Pearson Test of English (PTE) Academic 47-54, TOEFL IBT 60-78, CAE Scale 169-175 Results older than two years are not acceptable (for offshore applicants)

Academic Requirement: Completion of Year 12 VCE or equivalent overseas qualifications. Additionally, having a strong interest in the building and construction industry and possessing adequate literacy and numeracy skills are important.

Additional Requirement: Northwood International College (NIC) conducts a Language, Literacy, Numeracy and Digital Literacy (LLND) assessment during orientation to gauge each student's skill levels and determine the level of support needed for timely completion of the qualification; this assessment is diagnostic only and does not restrict course entry. Additionally, students must obtain a construction induction (white) card before undertaking any site visits. Personal Protective Equipment (PPE) is required when visiting a construction site. (Steel cap boots, Hard hat, High Vis and Glasses)

Mode of Delivery: Face to Face Classroom, Workshop sessions

Units of Competency: To achieve this qualification, the candidates must demonstrate competency in 34 units of competency 27 core and 7 electives.

Core Units

CPCCCA2002*	Use carpentry tools and equipment
CPCCCA2011*	Handle carpentry materials
CPCCCA3001*	Carry out general demolition of minor building structures
CPCCCA3002*	Carry out setting out
CPCCCA3003*	Install flooring systems
CPCCCA3004*	Construct and erect wall frames
CPCCCA3005*	Construct ceiling frames
CPCCCA3006*	Erect roof trusses
CPCCCA3007*	Construct pitched roofs
CPCCCA3008*	Construct eaves
CPCCCA3010*	Install windows and doors
CPCCCA3016*	Construct, assemble and install timber external stairs
CPCCCA3017*	Install exterior cladding
CPCCCA3024*	Install lining, panelling and moulding
CPCCCA3025*	Read and interpret plans, specifications and drawings for carpentry work
CPCCCA3028*	Erect and dismantle formwork for footings and slabs on ground
CPCCCM2006	Apply basic levelling procedures
CPCCCM2008*	Erect and dismantle restricted height scaffolding
CPCCCM2012*	Work safely at heights
CPCCCO2013*	Carry out concreting to simple forms
CPCCOM1012	Work effectively and sustainably in the construction industry
CPCCOM1014	Conduct workplace communication
CPCCOM1015	Carry out measurements and calculations
CPCCOM3001	Perform construction calculations to determine carpentry material requirements
CPCCOM3006	Carry out levelling operations
CPCCWHS2001	Apply WHS requirements, policies and procedures in the construction industry
CPCWHS3001	Identify construction work hazards and select risk control strategies

Elective Units

CPCCCA3009*	Construct advanced roofs
CPCCCA3012*	Frame and fit wet area fixtures
CPCCCA3014*	Construct and install bulkheads
CPCCCA3018*	Construct, erect and dismantle formwork for stairs and ramps
CPCCCA3019*	Erect and dismantle formwork to suspended slabs, columns, beams and walls
CPCCOM1013	Plan and organise work
CPCCBC4006	Select, procure and store construction materials for building and construction projects
